

GRADE 3-5 WRITING CURRICULUM

AAA+ CREATIVE WRITING

We believe that children do more of what they love.

Our goal is to help students enjoy writing while developing strong writing skills.

Students use their imaginations to create organized, engaging stories while also learning writing conventions, grammar, and proper sentence structure. Students vote on the genres they want to study, with each unit lasting about four weeks. Past units have included fantasy, fairy tales, mystery, science fiction, and adventure, and more!

HOMEWORK

Students are required to complete one writing piece that they begin during class.

They will finish their writing for homework and submit the completed assignment online.

WHAT DOES A CLASS LOOK LIKE?

Each AAA+ Writing lesson combines strong writing instruction, creativity, and 1:1 feedback.

1. **Build Strong Foundations**—We begin with a review of grammar and writing conventions.
2. **Learn from Great Writing**—Students analyze strong examples from classmates in previous lessons.
3. **Learn the Craft**—We teach the elements and techniques of our current genre.
4. **Write & Create**—Students spend 10-15 minutes developing their own stories while Ms. Sara checks in with each writer.
5. **Receive 1:1 Feedback**—Students take turns meeting privately in a breakout room with Ms. Sara to review and improve a previous piece of writing.
6. **Finish & Submit**—Students complete their writing after class and submit their finished piece to Ms. Sara online.

Students don't just complete writing assignments. They learn how to become stronger, more confident writers.
