

LV5 READING CURRICULUM

AAA+ ACCELERATED READING

At the beginning of the year, AAA+ administers our own pre-assessment based on key 6th grade skills commonly assessed on standardized tests. The results allow us to identify exactly what each class needs: skills that require instruction, skills that need only a quick review, and skills students have already mastered. Rather than spending valuable class time reteaching material students already know, we use the data to target learning gaps and move students into more advanced material as soon as they are ready.

HOMEWORK

Homework will be assigned to reinforce the skills taught in class through online practice and worksheets.

Practice for the CogAT, Milestones, MAP, and i-Ready assessments will be emailed throughout the year.

WHAT DO YOU TEACH?

ELA (English Language Arts) in public schools focus on reading comprehension and grammar/language. At AAA+, we teach both areas while also preparing students for important academic assessments.

A Typical AAA+ Lesson

1. Opening Review | 5 min

Review previously learned skills.

2. Test Preparation

Practice for CogAT, Milestones, MAP, i-Ready

3. Reading Comprehension

Learn a 6th grade-level reading skill.

4. Grammar & Language

Learn a 6th grade-level grammar skill.

We typically spend 1 month on each major skill, but pacing is based on mastery. Students receive extra practice when needed and move into more advanced material when ready.

CONTACT INFO

We are here to help your child succeed! If you have questions about our curriculum, please email Ms. Sara.
